

## ENGL 1101 LIBRARY RESEARCH GUIDELINES

A very worthwhile goal of ENGL 1101 is your making profitable use of library resources and research assistance. To meet this condition and satisfy the demand regarding Essay 2 and Essay 3 to use at least three resources from the library's approved databases, please follow the procedure below. Book research appointments with any of the five librarians (Pye, Rutherford, Rickerson, Eskridge, or Gaither) at a time consistent with normal library hours and your own academic schedule. Your librarian will help you find your three minimum (up to five) acceptable academic resources. List these resources on your check sheet. Research appointments with the individual librarians may be booked at the Library's front desk or via software link [libcal.gordonstate.edu](http://libcal.gordonstate.edu). During the appointment, the librarian will help you find your three minimum (up to five) acceptable library resources. The librarian will then sign your research check sheet at the end of the appointment, verifying that you have met your library research requirement for the assigned essay. You must present your check sheet to the librarian in order to receive credit for the research. Turn in check sheet along with your essay for grading. Expect a separate appointment for each resource selected. If the librarian assisting you feels you have suitably found multiple resources during one appointment, he/she will so indicate on your check sheet.

For Essay 2, on author, allowable library research days = 2/1 – 3/2.
